

Ingersoll Rand Forklift Parts

Ingersoll Rand Forklift Parts - Providing solutions, services and products in order to increase the productivity and to ensure efficiency in industrial, commercial and residential environments, Ingersoll Rand is very proud provider of products which help improve the comfort, security, health and safety of individuals all across the world.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman manufactures refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, building and contracting services, parts support and advanced controls for both commercial buildings and residential homes.

Ingersoll Rand's Industrial Technologies division provides solutions and products which enhance their customers' operation, energy efficiency and productivity. The product series is diverse ranging from tools and pumps, fluid and material handling systems to complete compressed air systems. They have even developed Club Car, the international leader in golf and utility vehicles intended for people and companies.

Brand names such as Trane and Schlage provide residential solutions which offer efficiency, comfort and safety to home owners around North America. Their innovative products consist of mechanical and electronic locks, indoor air quality solutions, heating and air conditioning systems, remote home management, portable security systems and advanced controls.

Ingersoll Rand' Security technologies offer products which ensure secure, safe and productive surroundings. This division's market leading products consist of floor and door closers, exit devices, portable security devices, biometric and electronic access control systems, cabinet hardware, steel locks, doors and frames, locksets and decorative hardware. Well-known brand names like for instance Schlage even offer time, attendance and personal scheduling systems.
