

## **Lull Telehandler Part**

Lull Telehandler Part - Lull telehandlers have been providing precision load placement ever since the year 1959. Whether the task involves positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler will help make the task go easier and faster. These units are available along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull can provide eighty inches of boom travel for precision placement capabilities. There are even numerous optional Lull accessories for their telehandlers to help do whatever job.
